

Intelligent Fleet Management Solution

"Efficient, Reliable, and Always On the Move"

Our Solution

The Fleet Management System (FMS) optimizes vehicle operations for efficient emergency response and reduced downtime. With real-time tracking, predictive maintenance, quality audits, advanced telematics, compliance management, and an Inspection App, FMS ensures fleet readiness and operational excellence.

Why choose us

- Integrated Mobile Apps:** Enable quality inspections and audits on the go.
- Customizable Solutions:** Tailored to meet specific operational needs.
- Advanced Telematics:** Diagnose vehicle health & monitor driver behaviour seamlessly.
- Proactive Maintenance:** Predictive analytics to minimize downtime and ensure readiness.
- Proven Expertise:** Trusted by leading organizations for emergency fleet management.

Key Features

Real-Time GPS Tracking

Track vehicle location, optimize routes, and enhance driver safety.

Vehicle Maintenance Management

Schedule and monitor maintenance to minimize downtime and prevent costly breakdowns.

Driver Behavior Monitoring

Analyze driving patterns to improve safety and reduce fuel consumption.

Fuel Management

Optimize fuel usage and prevent wastage with advanced tracking mechanisms.

Asset Management

Manage vehicles, equipment, and tools efficiently to ensure compliance and utilization.

Repair & Service History

Maintain comprehensive service records to streamline future repairs.

Reporting & Analytics

Leverage data insights for informed decision-making and fleet optimization.

Vehicle quality inspection app for regular auditing and maintenance

Benefits

01

Enhanced Fleet Readiness

02

Minimize fuel wastage & reduce maintenance costs

03

Lower environmental impact with optimized fuel and maintenance management.

04

Improved Operational Efficiency

Who we are

Founded in 2009, Achala IT Solutions is a pioneering technology company that has built a strong foothold in the Indian and European markets. With over 300 employees and offices in Hyderabad and Sofia, Bulgaria, we specialize in delivering cutting-edge smart platforms across industries such as Automotive, Banking, and Healthcare. Partnering with global OEMs like BMW, AUDI, and Daimler, Achala continues to lead innovation.

Our Clients

Floor 3, Plot 342&343, Road 7, Kakateeya Hills, Hyderabad, Telangana Pin: 500081
